

## Tips on Photographing Your Artwork

**TIP #1:** Use a good camera (digital works best)

**TIP #2:** Photograph your artwork with lots of light

**TIP #3:** Use a simple background  
(A plain white background is best - try a white bed sheet or a piece of cardboard)

**Don't Do This!**

Background is too busy and cluttered

**TIP #4:**  
Be creative!  
Try photographing your artwork at different angles

**Remember!**

quality camera  
+  
bright light  
+  
clean background  
=  
Great Photos!
